

These are links to Google Photos albums I created for all of the scanned pictures we have collected the past few years. I am now finally getting around to finishing them. I think I created some DVDs a few years ago for everyone that had only some pictures on them. Problem is they only hold so many. So I decided to back everything up online and give access to all family members . Feel free to download anything to print for yourself or just to have on your phone or computer. You should be able to just click on the links below and go right to the album. I am still adding some pics in here so you may see new ones added. Any questions please contact me: 402-316-8503

Allen's Home Movies:							
Paul playing at Dorothy's House		This is a 3 minute 15 sec video taken from one of Allen's home movies. It shows Paul playing with a neighbor of Allen and Dorothy's. Also shows him fishing with Roy and Margaret. I was able to stabilize the video with Google Photos but it lost a little detail around the edges.	Priscilla's graduation		This is a 2 minute video taken from one of Allen's home movies. It shows Priscilla's graduation as people gather at home. I was able to stabilize the video with Google Photos but it lost a little detail around the edges.	Everyone gathering at Roy and Margaret's for a cookout	

Found this really small album but filled with tons of Sommerfeld pictures. I think some of these were taken in Napor.

These are all scanned pictures of the old large type that were in cardboard holders. A little challenge but I finished it. Note: when in Google photos as you are veiwing these you can click on the round info button and see a name description I put in for each one.

Other family pictures of Reba's.

Some great pictures of Rebs'a scanned slides. A big thanks to my dad for helping scan these. He actually built a device for his camera to do this. I only included slides that had significant value like family members in the shots. A lot of the scenic ones wern't that good. These had that awesomr Ectachrome color though.

Found two small albums with a Sommerfeld reunion at Ta Ha Zouka. No dates or names listed.
